K-2
K-2 have been learning and refreshing their knowledge of sounds. Kindergarten students have been working hard learning to write their names and form letters correctly.
Year 1 and Year 2 have been focused on learning to skip count and make arrays as we get ready to start learning about multiplication.
During Geography we are learning about places we know.

3-6
3-6 have been reading and learning through a novel study of Peter Pan. The children really enjoy being read to by Mrs Hotchin.
The class are learning to write strong arguments as they learn all about persuasive texts.
Problem solving is the focus during maths at the moment, which causes brains to work really hard.
During Science students are learning about all things living.

Planning Meetings
During week 6 planning meetings will be happening. This means that you are invited to make a time to speak to your child’s class teacher. These meetings are an opportunity to discuss your child’s learning and set goals for the future. It is important that your child is also present at these meetings.
